# WHAT'S WHERE

## SECTION ONE - Quickies

A dry hire, quick reference guide to the most often required items of presentation equipment.

Some equipment is pre-packaged with accessories most likely to be needed, and all units are ready to plug in and use with cables and instructions.

This section is designed to enable the hirer to identify the equipment required from simple knowledge of the application.

## SECTION TWO - The Full Monty

An Alphanumeric A La Carte Menu of all the best in audio visual presentation equipment by type.

Amplifiers	25
Audio Cables	25
Audio Mixing Consoles	23

Transport	35
24 Hr Service	39
Video Copying	36

## SECTION ONE

### "The Quickies"

The equipment in this section is that most usually required for self operated presentations. Instructions are provided with all equipment, but it is easy to arrange for an operating demonstration in advance of any hire. If an operator is required for any equipment, the relevant details will be found in Section Three of this guide. Equipment is listed under the following headings -

- Video & Data Projection
- Slide & Overhead Projection
- Screens
- Video & Data Presentation
- Video Recording
- Laptop Computers
- Sound Reproduction
- Lighting Kits
- Presentation Accessories

# DRY HIRE GUIDELINES -

## “Rental Without Regret”

It would help us, and you, if the following information is to hand when an inquiry is made. This will ensure that the correct and most cost effective equipment is specified and that your requirement is met with the minimum of trouble.

- The location and size of the presentation space
- The size of audience & the number of presenters
- The type and resolution of the computer presentation
- The format of tapes or other pre-recorded media
- The presentation dates & the time equipment required
- Whether screen alone, or with drapes or set is required
- The size of vehicle to be used if collection is planned

Portable Video/Data Projectors	Day	Week
In Focus, Sanyo & Sony Data Projectors - from	£95	£475
Epson EMP 5350 SVGA Projector	£225	£675
Mitsubishi X25 XGA Projector	£300	£900
Sony PX 30 XGA Projector	£400	£1200
<i>These units are bright &amp; light to carry. They are easy to set up &amp; operate with comprehensive inputs. Can be used for front or rear projection at desk top or ceiling level. The zoom lens gives throw of between 2.05 to 2.8 times the width of the screen</i>		

Slide & Overhead Projectors	Day	Week
Kodak Slide Projector Kit	£25	£75
<i>This industry standard projector comes complete with rotary slide tray, lens of choice &amp; remote control</i>		
Kodak High Power Projector Kit	£55	£165
<i>With a separate booster unit which increases the light output by 50%</i>		
Caramate Integrated Slide Presenter	£30	£90
<i>Built in viewing screen, 80 or 140 slide capacity</i>		
Kodak R3 Portable Overhead Projector	£30	£90
High Power Overhead Projector	£30	£90
<i>With a 400-Watt lamp, this is suitable for foils and LCD panels</i>		
Wolf Visualizer Video Overhead Projector	£120	£360
<i>With composite output to video projector</i>		

Laptop Computers	Day	Week
Toshiba SP4600 P3/1GHz, 256MB Laptop	£200	£600
Toshiba SP4600 P3/800, 392MB Laptop	£180	£540
IBM T21 P3/800, 128MB ThinkPad	£180	£540
IBM 380ED P2/266MMX, 64MB ThinkPad	£150	£450
Mac G3/333, 64MB PowerBook	£185	£555
<i>All laptop computers are complete with CD ROM and PowerPoint Software.</i>		

Fax: 01344 860282

Tel: 01344 427161

Screens	Day	Week
6'x 6' Delta Screen	£15	£45
A "Pull Up" front projection only unit		
6'x 4' Fastfold Screen	£40	£160
6'x 6' Fastfold Screen	£40	£160
7'x 5' Fastfold Screen	£40	£160
8'x 6' Fastfold Screen	£40	£160
9'x 6' Fastfold Screen	£40	£160
<i>Fastfolds comprise of an aluminium folding frame and legs with clip on surfaces for wrinkle free front or rear projection for slide or video projectors</i>		
Drape kits for the above - from	£45	£180
Presentation Lectern	£30	£90

Video & Data Presentation	Day	Week
9" Sony Video Monitor	£30	£90
21" Sony Video Monitor	£30	£90
29" Sony Video Monitor	£45	£135
40" Pioneer Plasma Screen	£250	£750
42" Sony/JVC Plasma Screen	£250	£750
50" Pioneer Plasma Screen	£325	£975
S-VHS & VHS Panasonic Player/Recorder	£45	£135
S-VHS & VHS JVC Player/Recorder	£75	£225
U-Matic Sony Player	£45	£135
Beta SP Sony Player	£100	£300
VHS Panasonic Exhibition Player	£25	£75
14" VHS Video Presenter	£40	£120
20" VHS Video Presenter	£55	£165
<i>All these units are heavier than domestic units and come in flight cases. There are comprehensive input, output &amp; operating facilities, but no tuner. All players have Auto-Rewind/Repeat Functions</i>		

Video Recording	Day	Week
S-VHS & VHS Panasonic Camcorder	£50	£150
With microphone, charger & batteries		
Sony Mini DV Camcorder	£80	£320
Panasonic DVC Pro Camcorder	£100	£400
Role Play Kit 1 - add to camera price	£50	£150
As above with 9" Monitor, tripod & speaker		
Role Play Kit 2 - add to camera price	£70	£210
As above with 21" Monitor, tripod & speakers		
<i>Tapes for all formats and lengths are stocked for supply with any system</i>		

Sound Reproduction	Day	Week
Microphones - from	£10	£30
Different types are available for all applications. Please seek advice on choice when placing an order		
Denon CD Player	£25	£75
Professional machines with cueing ability		
Tascam Cassette Player/Recorder	£15	£45
Available in AV & Stereo format		
Denon MiniDisc Player/Recorder	£40	£120
With track selection & editing		
Yamaha/Soundcraft Mixer/Amplifier	£60	£180
8 microphone or line inputs with built in reverb. Will drive four speakers with up to 500 Watts		
TurboSound Speakers (Pair)	£24	£72
Full range, music quality units		
Yamaha Amplified Speakers (Pair)	£50	£150
With line and microphone inputs, will provide 120 Watts without external mixer or amplifier.		
<i>Tapes &amp; disks for all formats are available from stock</i>

Tel: 01344 427161

Lighting Kits	Day	Week
Two Lamp Presentation Kit For lectern or small presentation situation	£35	£105
Four Lamp Presentation Kit For lecterns, panel tables and small sets	£65	£195
Video Redhead Kit For use with role play kits & camcorder	£40	£120

Presentation Accessories	Day	Week
Projector & Video Stands	£10	£30
Microphone & Speaker Stands	£5	£15
Laser Pointer	£15	£45
Cue Light Systems - from	£10	£30
Wired Remote Controls	£5	£15
Infra Red Remote control	£30	£90

**Complete Presentation Packages**

Fully inclusive packages for self operation can be selected from the complete range of equipment. These can be tailored for each requirement to include delivery, insurance and training.

## SECTION TWO

### “The Full Monty”

The complete rental equipment range available is listed in logical sequence under the following headings. If the equipment needed is not shown, please call as the stock is constantly being expanded and amended. For complete show packages of any sort, let us have the information as shown on page 6 and we will specify exactly what you need with the relevant services in Section Three. For easy reference, equipment is grouped under following headings:

- Video & Data Presentation
- Audio Visual Presentation
- Sound Reproduction
- Lighting, Power & Special Effects
- Screens, Staging & Sets

### ● Personnel

We have an experienced and dedicated in house team of presentation professionals, who are able to assist with all aspects of an event, from conception to completion. A single phone call will make available the right person for any task at any presentation. The sooner this call is made to us in the planning process, the more effective our assistance can be in ensuring a successful event.

### ● Transport

Delivery and collection of equipment is quick and efficient with our own fleet of vans operating regularly within Greater London and the Thames Valley. These are also available for deliveries further afield and for transport of small show packages. In addition, full transport services are available for shows of all sizes to any destination in the UK and overseas using our own vehicles.

### ● Facilities

Our facilities house contains comprehensive pre & post show facilities. With video and sound editing, preparation and viewing rooms and also full rehearsal space, it is possible to create and perfect an entire show prior to taking it out on the road, without leaving the building. After an event, recorded material can be edited, slides and computer material transferred to video, and masters with copies prepared for distribution.

### ● A Full Service

The full staging service starts well before a show goes on the road and continues long afterwards, with every aspect covered including insurance, site surveys, design, planning and personnel. The in house technical service department is available to maintain customer equipment and permanently installed systems can be specified and installed to meet all requirements by specialist personnel.

## INFORMATION

### Insurance

A standard charge calculated at 12% of the listed rental rate will be added to all invoices for the insurance of equipment. This is shown as "damage waiver" and indemnifies the hirer from liability should loss or damage occur. This insurance is subject to an excess charge and the standard terms and conditions of the company.

Clients who have a credit account are welcome to make their own insurance arrangements. Details outlining this procedure and the requirements are available on request. Written confirmation of the cover arranged and completed application will be required prior to equipment being delivered or collected.

### Credit Accounts

Credit facilities will only be given when an account has been opened. Forms can be obtained on request and must be backed by trade & bank references. If no account is in place, then all amounts relating to the hire period, including insurance, must be paid in full prior to release of the equipment, and a deposit made proportional to the value of the goods hired. Credit is subject to the standard terms and conditions, which include provision for the addition of interest and reclamation of discount if the agreed credit period is exceeded.

### Terms & Conditions

The terms and conditions of trading are printed on the rear of delivery documentation and are available separately on request. It is expected that the customer is aware of these at the time of any transaction with the company.

## IS THAT ALL ?

We endeavour to provide the most comprehensive range of equipment and services for presentations of every type.

However, as technology unremittingly progresses and the imagination makes full use of the opportunities offered, then there may be items that are required that are not found in this booklet.

If this is the case, or if there are concepts that you would like us to explore, then please call. We can source any equipment in most parts of the world, and we have project managers who would welcome the challenge that you may present.

Your feedback and requests will help us to build better and more comprehensive stocks, and to offer the services that will really help achieve your objectives.

## PRESENTATION RESCUE SERVICE

Even our robust and well-maintained equipment may occasionally develop a fault whilst on hire, and even the best-prepared client will forget a vital ingredient for an event. Our Presentation Rescue Service is in place to meet these contingencies at times outside normal business hours. Always try our main number first, but should that not answer and immediate assistance is required then call :-

**07770 918536**  
or  
**07876 345106**

*(Depending upon circumstances, there may be a call out charge or premium hire rate for this service.)*

**Fax: 01344 860282**

**Tel: 01344 427161**
